2. JOURNEY, Flatiron

This out-of-the-box immersive gastronomy experience is something you *have* to experience! JOURNEY offers four unique futuristic theatrical dining and cocktail experiences that are very cool. For \$175, you can choose between one of their two ticketed experiences, **JOURNEY 360** (a communal five-course prix fixe meal with floor-to-ceiling and tabletop 360 projection mapping for up to 20 people) or a smaller experience **JOURNEY Odyssey** (five-course prix fixe meal at tables accommodating 2-4 people).

Each experience will guide you through a variety of immersions, including under a shipwreck, the side of the Empire State Building, the canals of Venice, and a whole lot more. If you still want to experience a non-ticketed event at a fraction of a cost, you can check out the **JOURNEY Salon** (a unique bar with tapas offering) or the **JOURNEY Epic Cafe** (café, bar, and immersive fine dining with a touch of theater).
